MyDay®
**MADE FOR
MORE**

Comfort you can trust.¹
A choice you can feel good about.

CooperVision®

There's a MyDay® lens made for you.

With the most prescription options of any 1-day lens, there's a lens to fit your vision needs in the MyDay® family.³

Personalized performance. Made for real life.

When life asks more of you every day, your contact lenses should keep up without getting in the way. MyDay® is a premium 1-day contact lens family that's made to fit your life—not the other way around.¹

More performance.¹

Delivering dependable comfort and consistent vision that holds up all day long, so you can focus on life, not your lenses.^{1,2}

More precision.³

Never one-size-fits-all, MyDay® is thoughtfully designed with precise options across a wide range—so you get a true match to your prescription.³

More reasons to feel good about your lenses.

MyDay® is made with less carbon.^{†4}

† Results compare 2024 with a 2021 baseline. Full life cycle assessment has been conducted in accordance with ISO 14067 and verified through independent critical review from a cradle-to-grave basis, which covers all product stages from raw material extraction to end of life. Details on methodology and verification are available at coopervision.com/sustainability/methods. ‡ "Carbon reduction" and/or "lower carbon" refer to a reduction in total greenhouse gas emissions, expressed as carbon dioxide equivalent (CO2e). No carbon offsets are used.

MyDay® daily disposable

For nearsightedness and farsightedness

Clear, dependable vision and all-day comfort in a premium 1-day lens—designed to keep up with everyday demands without distraction.^{1,2}

MyDay Energys®

For near- or farsighted patients who want more comfort

Our most comfortable 1-day lens ever,^{§2,5} helping eyes feel relaxed and comfortable even after long days of digital device use.⁵

MyDay® toric

For those with astigmatism

The #1 prescribed toric design in the world⁶ that helps deliver consistently clear vision and reliable comfort throughout the day.¹

MyDay® multifocal

For individuals with presbyopia

Giving those with presbyopia the freedom they once had with the latest innovation in multifocal design.^{7,8}

Offering optimal visual acuity at all distances as your prescription changes.^{1,8}
