The features you'll love

- Optimized Toric Lens Geometry™ incorporates multifaceted design features to provide excellent orientation¹ and stable fit for consistently clear vision.
- Advanced material naturally attracts water molecules, keeping the entire surface of your lenses continuously moist throughout your day.
- High breathability allows your eyes to get 100% of the oxygen they need[†], which helps keep them white² and healthy³
- The highest class UV blocker available in a contact lens helps block transmission of 90% UVA and 99% UVB.^{||}

Ask your Eye Care Practitioner if
a free trial of Avaira Vitality™ toric
would be right for you.

Please note that free trial does not include eye exam
or fitting fees.

* Warning: UV-protection contact lenses are not substitutes for protective UV-absorbing eyewear, such as UV-absorbing goggles or sunglasses, because they do not completely cover the eye and surrounding area. UV-absorbing eyewear should still be worn as directed.
