

Proclear[®] sphere

CooperVision[®]
Live Brightly.[®]

Clear vision¹ and comfort for contact lens wearers
who experience dry eyes due to lens wear.

If you're nearsighted or farsighted and experience dry eyes due to lens wear, CooperVision[®] Proclear[®] contact lenses may help. They're made with PC Technology[™] which was specially created for contact lens wearers like you; it binds water to your lenses, helping them remain fresh and comfortable all day long. Focus on life and not on your contact lenses with Proclear[®].

The features you'll love

- Provides clear vision for contact lens wearers who are nearsighted or farsighted.
- PC Technology binds water throughout each Proclear contact lens, creating a shield around it, keeping the lens clean. Contact lenses stay hydrated, helping them feel moist and comfortable throughout the day.
- The Proclear lens material helps you avoid eye irritation by resisting deposit build-up over the course of your day.
